

It's Here! Five years in the making!

◆ ◆ Science Fiction Television Series ◆ ◆
Episode Guides, Histories and Casts and
Credits for 62 Prime Time Shows,
1959 through 1989
by Mark Phillips and Frank Garcia

A comprehensive showcase of 62 prime-time science fiction television series produced from 1959-1989. Each program is covered with an in-depth chapter, containing conversations with actors, writers, directors and producers, with detailed episode guides. Plus Unsold Pilots, Honorable Mentions, Cast Updates and 125 exciting photographs! Mark Phillips of Victoria, B.C. Canada is a correspondent for Starlog Magazine. Frank Garcia of Vancouver, B.C. is a freelance writer/editor who has also written for Starlog and a variety of other publications.

*These are just some of the revelations in
Science Fiction Television containing full histories of 62 series.*

- Why did the U.S. Defense Department feel a **Men into Space** story threatened national security? •
- What was the incredible secret of a Detroit auto worker who guest starred on **The Immortal**? •
 - What movie star made an unbilled cameo in the pilot of **Time Tunnel**? •
 - Why Ray Bradbury enjoyed, but refused to write for, **Twilight Zone**. •
- What TV series was accused of causing severe psychological damage to the minds of youth? •
- What movie stars were the original choices for the roles of the Captain and Stewardess on **Land of the Giants**? •
- How a dying actor used his impending demise to create a startling performance for **Night Gallery**. •
 - Why a **Lost in Space** episode was banned in Los Angeles for two decades. •
 - How did star Richard Basehart save the lives of his co-stars on **Voyage to the Bottom of the Sea**? •
 - What science fiction series was Harrison Ford rejected for because the studio felt he couldn't handle action? •
